

Gingerbread House Preschool

November

Classroom News

The cold weather has arrived and the children have been learning about hibernation and migration. The children will be engaged in many hands-on activities throughout the month including exploring what an octopus feels like! The children also have the opportunity to play in the gross motor room during the program. During the month of December, the children will be learning about holidays around the world and preparing for our concert.

Welcome

We welcome **Robin Manley** to our staff who has been working as an Inclusion Facilitator and **Megan Brown** who will be supply teaching.
